REPORTING RESPONSIBILITIES OF THE SUPERVISING TEACHER:

We acknowledge the challenge and responsibility that comes with assessing PSTs. While we may not physically visit the setting, support is available to mentors through the PST's eLA . We place great faith in the professional judgement of mentors and request an honest appraisal of the PSTs progress and final assessment. If a mentor feels that an unsatisfactory result is warranted, their decision will be supported by the University.

- Day 10: Discuss the Pre-Service Teacher's progress mid-way through the practicum. In collaboration with the PST the mentor must complete and email the Interim Report to the PST's eLA. If a Pre-Service Teacher is making unsatisfactory progress, the Mentor must also complete the Professional Experience Support Plan. If a student is marked as making unsatisfactory progress, the PST's eLA will make contact with the setting.
- Day 20 (Final Day): In collaboration with the PST, the supervising teacher must complete and email the Final Report form to the PST's eLA.. The Supervising teacher is required to provide an honest assessment of the PST's performance and sign off on the number of completed days.

Professional Experience Reports

All Professional Experience Interim and Final Reports must be completed in collaboration with the PST and submitted via email to the PST's eLA. We place great faith in the Mentors professional judgement and request an honest assessment of the Pre-Service Teacher's (PSTs) progress and final assessment. Considering the level expected for the particular professional experience, Mentor teachers and the nominated supervisors are asked to make a professional judgement and assess the overall performance of the Pre-Service Teacher. In order to satisfactorily complete this practicum, the Pre-service Teacher is required to meet the relevant Australian Professional Standards for Teachers at Graduate stage (AITSL, 2014).

Supervising teachers should apply professional judgements using evidence of the PST's demonstrated knowledge, practice, and engagement in relation to the expected APST descriptors for the stage. Consideration should be given for the placement context and opportunities to encounter relevant experiences enabling the PST to demonstrate the APST. The Australian Professional Standards for Teachers are grouped into 5 sections: Section 1: Planning for learning and teaching, Section 2: Teaching Effectively, Section 3: Creating and Maintaining Supportive Learning Environments, Section 4: Assessing and Providing Feedback for Learning, Section 5: Demonstrating Professional and Ethical Conduct. The Day 10 Interim Report and the Final Report will assess the PST's progress against the 5 APST Standard Sections.

In the Interim Report PSTs can be assessed as:

- SP Satisfactory Progress (The student is making satisfactory progress at the level indicated)
- WT Working Towards (The student is working towards satisfactory progress at the level indicated or has not yet had a suitable opportunity to demonstrate competence in this APST Section. In either case, the PST may require additional support for this APST Section in the second half of the placement)
- CC Cause for Concern (The student is not making satisfactory progress at the level indicated. The PST will require additional support in this APST Section in the second half of the placement and a Support Plan must be submitted with the Interim Report)

In the Final Report PSTs can be assessed as:

- E Exceeds (APST descriptor has been met above expectation)
- M Met (APST descriptor has been met)
- NM Not Met (APST descriptor has not been met) *Please note: If a Pre-service Teacher is awarded a NM for any of the standards, they must receive an "UNSATISFACTORY"
- NE Not Encountered (No opportunity to meet the APST descriptor). *Please note: Before providing a NE, please consider a supportive reflective discussion about the APST focus area with the PST that will allow the PST to demonstrate their understanding of the APST. This discussion will validate a Met (M) result for the APST focus area.

Examples of evidence for Reports

The following are examples of evidence that may be used to demonstrate competence in each of the AITSL standards. PSTs are **NOT** expected to demonstrate all examples, these are just suggestions. Please refer to the previous pages to determine which standards your PST is expected to be demonstrating in their specific unit. This document covers ALL standards; when the online FINAL REPORT is completed, unit-specific examples are provided in the standard description.

Standard	Examples of evidence
	Section 1 Planning for learning and teaching
1.1 Demonstrate knowledge and understanding of physical, social and intellectual development and characteristics of learners and how these may affect learning	 Demonstrates understanding through written observations Identifies that all students learn in different ways. This is shown through the planning of a range and variety of activities Recognises students' individual needs. Anticipates where adjustments are necessary for individual students' needs and plans and implements these adjustments e.g. extension activities, extra support Makes effective links between their previous and current lessons and students' understandings
1.2 Demonstrate knowledge and understanding of research into how learners learn and the implications for teaching	 Identifies that all students learn in different ways. This is shown through their planning and reflection Identifies individual students' needs in a targeted learning area. Evidence would be in written targeted observations Sets clear expectations for what the students will learn during the lesson Identifies that all students learn in different ways Scaffolding and signposting is evident in teaching and learning. Responds to learner needs and attempts to involve all students. Adjusts teaching. Identifies the teaching strategies used to cater for ESL students and students with special needs in written observations and transfers these into lessons
1.3 Demonstrate knowledge of teaching strategies that are responsive to the learning strengths and needs of learners from diverse linguistic, cultural, religious and socioeconomic backgrounds	 Identifies the teaching strategies used to cater for diverse students in written observations and transfers these to lesson planning Uses varied topics, text examples and situations to give a 'voice' to all students Records and reflects on the inclusiveness of own teaching practice
1.5 Demonstrate knowledge and understanding of strategies for differentiating teaching to meet the specific learning needs of learners across the full range of abilities	 Recognises students' specific learning needs and how they are catered for within the learning environment Extension activities and higher order thinking tasks are evident in lesson planning Scaffolding and other support strategies are evident Questions are designed to establish what students have learnt from the lesson Demonstrates an ability to differentiate between the learning understood and missed Reflects and subsequently varies teaching strategies for individuals
2.2 Organise content into an effective learning and teaching sequence	 Develops well-structured lesson plans within the wider curriculum/curriculum framework context Uses strategies to structure and sequence the learning e.g. starting with intention, linking to prior learning, using steps, using examples, questioning and giving feedback Relates the learning to students' lives Uses strategies to engage students in the content and reflects upon the effectiveness of these
